

ECE Graduate Programs Curriculum Committee Meeting

Monday, March 4th, 2024

Attending: Anantram, Arabshahi, Hauck, Huberman, Kalavakonda, Li, Murali, Overly, Swanson

Agenda:

1. Graduate PhD Review of Progress: Proposed Language Revision

Minutes Meeting of 2/12/24: Approved

Graduate PhD Review of Progress: Proposed Language Revision

([Slides](#))

After further revision to language in the PhD Review of Progress Policy pertaining to guaranteed funding for PhD students, reviewed earlier by the committee, Huberman presented the revised language for the committee's approval.

New Language APPROVED

Revisit of Proposals for PMP Program

After a previous review by the committee, members asked that the proposals be sent to Prof. Poovendran for comment. Poovendran returned information that he had reviewed both course proposals and found them to be different in content and good candidates for inclusion in the curriculum for the ECE Professional Masters Program. The two courses were brought back for approval.

- Courses brought back up for approval are:
 - Introduction to Privacy Engineering ([Proposal](#)) ([Syllabus](#))
 - Privacy Preserving Machine Learning ([Proposal](#)) ([Syllabus](#))

Course: Introduction to Privacy Engineering: APPROVED

Course: Privacy Preserving Machine Learning: APPROVED

Other Business:

The committee set the meeting time for the Spring 2024 quarter. The committee will continue to meeting every other week on Thursdays from 2:00 – 3:00, starting on April, 4th.
