

Current Course	Proposed Changes:	Notes	When Typically Offered	Recommendation on when to go into effect	Notes on recommendation	Curriculum Committee Approval for MCD	Submitted to Quali
EE 332: Pre-req of EE 331	EE 332: Pre-req of EE 233 and EE 280		A, Sp	Spring 2026	Only would need any exceptions for remaining EE students who take EE 332 in Spring	5/27/2025	
EE 473: Pre-req of EE 332	EE 473's course number will change to EE 435: Pre-Req of EE 332	Should the pre-reqs also include EE 333 according to the flowchart?	A	Autumn 2026	Due to timelines	5/27/2025	
EE Special Topics	EE 436: Pre-req of EE 435, EE 333, and EE 332. EE 361 Recommended		W	Winter 2026		5/16/2025 via email vote	5/16/2025
EE 437: Pre-req of EE 331 and EE 473	EE 437: Pre-req of EE 436. EE 361 Recommended		Sp	Spring 2027*	I recommend Spring 2027 rather than Spring 2026 because the students would need time to plan to take EE 436 in Winter Quarter. There are going to be some students who take the course and some who do not or cannot because it would not be communicated to them early enough based on the timing of when changes actually make it up the chain. If it goes into effect Spring 2026, I recommend that we have a waiver process for students who were planning to take EE 437 but did not/could not take EE 436.	5/27/2025	
EE 333: Pre-req of EE 233, EE 242, and either EE 280 or EE 331	No changes, but wanted to list as part of the pre-req chain	Recommend to move to Spring quarters for the possibility of transfer students and interest changers to complete pre-req chain	W				
EE 361: Pre-req of EE 215 and PHYS 123	No changes, but wanted to list as part of the pre-req chain		A, Sp				

Challenges:

Autumn is already set - no changes to courses/pre-reqs can be made
 Need time to alert students of pre-req changes and time to be able to take the proper classes needed before the courses are taught with this background knowledge
 Extremely challenging for transfer students and interest changers (1/3 of our students) to complete the sequence of courses. Would limit the students taking 435/436/437.

Two Year Pathway:

	<i>this plan ONLY works if EE 333 is offered in a quarter other than WQ.</i>	Assumes only 10 credits of A&H/SSc remaining. Could do more over the summers if needed. Assumes NSc completed besides PHYS 123/Pick 2 and Stats requirement	
	Autumn	Winter Spring	
Year 1	EE 215 (4) PHYS 123 (5) EE 280 (4) EE 241 (2) Total: 15	EE 233 (5) EE 242 (5) EE 201 (2) A&H/SSc/DIV/W (5) Total: 17	EE 332 (5) EE 271 (5) <i>EE 333 (5) Not typically offered Sp</i> Total: 15
Year 2	EE 435 (5) EE 361 (rec. not req.) (5) EE 393 (4) Total: 14	EE 436 (5) Stats (3) Advanced ECE Elective 400-level (5) EE 398 (1) Total: 14	EE 437 (Capstone) (5) Advanced ECE Elective 400-level (5) A&H/SSc/DIV/W (5) Total: 15
